In re Application of Vlahos	:	
Application No. 10/064,010	:	Decision on Petition
Filing Date: June 4, 2002	:	
For: Light Therapy Equipment	:	

This is a decision on the petition filed February 25, 2008, under 37 CFR 1.181 to withdraw the holding of abandonment of the above-identified application.

The petition is **dismissed**.

Any request for reconsideration must be submitted within TWO (2) MONTHS from the mail date of this decision. Extensions of time under 37 CFR 1.136(a) are NOT permitted.

The Office mailed a final Office action on January 17, 2007. The Office action set a three-month shortened statutory period for reply. A reply to the Office action was not received and the application became abandoned on April 18, 2007. A Notice of Abandonment was mailed September 6, 2007.

The instant petition contends a proper reply was timely filed in response to the final Office action. In support of the petition, petitioner has submitted a copy of an Auto-Reply Facsimile Transmission report which shows the "Received Cover Page" was a blank page and that a total of 5 pages, including the blank cover sheet, were filed July 17, 2007. Office received a blank page and 4 other pages on July 17, 2007. Since the blank page is not a transmittal letter listing each of the papers being filed, it is impossible to determine the content of the other 4 pages or even if the other 4 pages involved the instant application.

However, even if the Office assumes the 4 pages supplied with the petition are accurate copies of the pages filed, the petitioner could not be granted. The petition indicates the 4 pages filed with the blank sheet were:

- (1) A "Petition for Extension of Time" page,
- (2) A "Pre-Appeal Brief Request" page,
- (3) A "Notice of Appeal" page, and
- (4) A one page letter dated July 17, 2007, beginning with the language, "In response to the final rejection issued on January 17, 2007."

In order for the pages to have been timely and proper, petitioner would have needed to also file a credit card authorization form for payment of the extension of time fee and notice of appeal fee. However, none of the five pages sent by facsimile transmission appear to be a credit card authorization form.

The Office recognizes the "blank sheet" may simply be the result of the credit card form accidentally being placed into petitioner's facsimile machine backwards. However, regardless of the reason the first page filed was blank, the result was the Office did not have the authority to charge the required fees to petitioner's deposit account. Therefore, the application is abandoned.

The petition was accompanied by a total of \$760 for the extension of time fee and notice of appeal fee. Since the petition is being dismissed, the \$760 is refundable. Petitioner may either request a refund of the \$760 or, as discussed below, apply the \$760 towards the fee required from a petition under 37 CFR 1.137(b) to revive an application.

Petitioner may wish to consider filing a petition to revive based on unintentional abandonment under 37 CFR 1.137(b). A grantable petition pursuant to 37 CFR 1.137(b) must be accompanied by:

- (A) A proper reply to the outstanding final Office action,
- (B) The required petition fee of \$770, and
- (C) A statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional.

As to item (A) above, if petitioner wishes to file a petition under 37 CFR 1.137(b) and for the reply to be a Notice of Appeal, petitioner should file a new Notice of Appeal, a new Pre-Appeal Brief request, and \$255 for the Notice of Appeal.

As to item (B) above, petitioner may wish to submit an additional \$10 and request the \$760 submitted on February 25, 2008, be applied towards the fee.

A copy of a blank petition under 37 CFR 1.137(b) form is enclosed for petitioner's convenience. A PDF "fillable" version of the form can be found at:
